SUZOHAPP to show its complete portfolio of Vending Components and Solutions at Vending Paris

OUDE-BEIJERLAND, THE NETHERLANDS, March 20, 2019. SUZOHAPP – a global market leader in payment systems and cash management solutions – will be exhibiting at the upcoming Vending Paris, from April 2-4. SUZOHAPP will be present at Booth #B09 in Hall 2.2. and will be featuring a comprehensive offering of components for vending machines. This includes coin validators and recyclers, bill validators, cashless systems, LCD monitors, locks, pushbuttons, and more.

“At this year’s Vending Paris, we come with a simple message – **simplify your sourcing**,” says Francois Profit, SUZOHAPP’s Executive Vice President of Automated Services in Europe. “We have the ability to be a complete source for operators, as we can provide every single component that fits into a vending machine. Ours is the most complete offering in the vending industry.”

As major highlights, SUZOHAPP will be showcasing the ideal combination of payment systems for all vending machines: the **Currenza C²** coin recycler, the **Vantage** banknote reader and the **WorldKey** cashless solution. These systems are the perfect payment trio as they guarantee maximum flexibility in payments and high transaction security. The WorldKey cashless range now includes the WorldKey Loyalty platform - an advanced online solution that allows operators to communicate directly with end users and increase their loyalty. A new additional feature of WorldKey Loyalty is the credit recharge of Mifare® media directly online, using a payment card.

At this year’s Vending Paris, as a major innovation, SUZOHAPP will be presenting the new **E-PRL**, a patented high-tech locking system which offers more than 10 billion possible combinations. This innovative electronic reprogrammable lock is an ideal solution for access identification and control. The E-PRL is now available in the Bluetooth version which allows operators to have online control of all their locks from a remote location, even from a smartphone or a tablet.

SUZOHAPP also offers high-quality Touch and Non-Touch monitors and can assist with all kinds of applications. A wide range of LCD monitors featuring proven brands, such as Elo Touch Solutions and VisionPro™, will be showcased at the SUZOHAPP booth.

Additionally, SUZOHAPP will demonstrate its ability to be the perfect supplier of complete cash handling solutions. A special focus will be put on the SCAN COIN ICX Active-9 coin sorter which offers invaluable support to operators in their day-to-day operations.

“We invite everyone to come and see us at Vending Paris to meet our experts and get the latest information on our extensive portfolio of solutions,” concluded Profit.
