

## SUZOHAPP to Exhibit at EAG 2020

*New Components Website To Be Presented*

DE MEERN, THE NETHERLANDS, January 3, 2020 – SUZOHAPP – a leading technology company with over 50,000 gaming, amusement, sports betting, lottery and bingo products for operators and OEMs – will be exhibiting at the upcoming EAG Expo that will take place in London at the ExCel Center from January 14-16. SUZOHAPP will be located at booth #405.

At EAG, SUZOHAPP will be introducing its new, award-winning Components website which offers comprehensive product information, organized in an intuitive and easy-to-navigate format. The site can be accessed at **[suzohapp.com/oem](https://suzohapp.com/oem)**.

“When you carry the most complete range of Gaming and Amusement components on the market, you have to work harder to make sure customers have easy access to the information they need when they need it,” said Mike Sigona, SUZOHAPP’s Business Development and Global Gaming Product Manager. “At SUZOHAPP, we focus on simplifying the sourcing of our customers and this new website is a critical part of delivering on that promise.”

The SUZOHAPP booth at EAG will feature both customer favorites and new offerings. The CompetitionPro product line has the spares and refurb parts needed to keep arcade games in top shape. The BilliardPro line has hundreds of products from cues to cloth to lighting. The new drop-in replacement E-PRL electronic reprogrammable lock enables remote authorization, traceability, and the benefit of never again needing to change locks when a key is lost or an employee dismissed.

SUZOHAPP will also showcase its broad range of products for amusement game builders, such as coin and banknote validators, printers, hoppers, displays, and push buttons, just to name a few. Its state-of-the-art Comestero change machines and SCAN COIN coin sorters and note counters will also be displayed.

“We are excited to share the depth and breadth of the SUZOHAPP offering with visitors to EAG 2020,” said Sim Bielak, SUZOHAPP’s President of Global Gaming & Amusement. “With our vast product range, deep expertise and decades of experience serving this industry, we have the solutions that can meet each customer’s unique needs.”

## About SUZOHAPP

SUZOHAPP is a technology company providing software and hardware for cash handling automation and self-service solutions to more than 25,000 customers throughout the world. SUZOHAPP's technology enables automation for customers operating in a variety of end markets, including retail, transportation, gaming, banking, vending and amusement.
